- Fortsæt i næste faneblad "Dates"
- I feltet ud for "Last update GPX" skal der stå "On or before" Datoen bestemmer man selv, men jeg vælger en dato der er 14 dage tilbage

• I næste faneblad "others" skrives det land man vil sortere

•Tryk derefter på Go

- Hvis der er nogle cache i filteret, klikkes der på database i GSAK, og "global replace" i den kolonne der kommer frem.
- Der skal stå det i felterne som er vist nedenfor.
- Tryk derefter på replace.

- Nu vil de cache der står som aktive i GSAK og som muligvis er arkiveret, blive markeret som arkiveret i GSAK.
- Hvis cachene senere bliver aktive igen på geocaching.com vil de blive aktive i GSAK igen næste gang der bliver kørt en GPX-fil (PQ)
